

Preliminary Results of the 2018 Construction Survey (Construction Output Record)

- ◇ In 2018, the number of construction enterprises was 75,421 enterprises, which increased by 4.2% from 2017. This figure showed an ever-increasing trend from 2013.
- ◇ The construction value totaled 293 trillion won in 2018, which showed a slight year-on-year increase (0.5%) owing to the rise in the overseas construction value.
- ◇ The construction contract value totaled 255 trillion won in 2018, dropping by 4.5% from 2017 owing to the decrease in the domestic and overseas construction contract value.

- In 2018, the number of construction enterprises was 75,421 enterprises, which increased by 3,045 enterprises (4.2%) from 2017.
- As for construction enterprises by area, the number of construction enterprises in the Seoul Capital Area was 26,906 enterprises in 2018, rising by 4.3% from 2017. The number of construction enterprises in the Non-capital Area was 48,515 enterprises in 2018, rising by 4.1% from 2017.
- The construction value totaled 293 trillion won in 2018, which increased by 1 trillion won (0.5%) from 2017.
- Compared to the previous year, the domestic construction value declined by 0.2 trillion won (-0.1%) to 259 trillion won in 2018. Whereas, the overseas construction value grew by 2 trillion won (4.8%) to 34 trillion won in 2018.
 - The domestic construction value showed a year-on-year decrease owing to the drop in the construction of apartments and commercial facilities in 'Building' and the construction of roads and residential land development in 'Civil engineering'.
- The construction contract value totaled 255 trillion won in 2018, dropping by 12 trillion won (-2.5%) compared to 2017.
- Compared to 2017, the domestic construction contract value fell by 11 trillion won (-4.4%) to 230 trillion won in 2018. The overseas construction contract value fell by 1 trillion won (-4.7%) to 25 trillion won in 2018.

- Compared to 2017, the construction contract value of 'Industrial equipment' and 'Civil engineering' rose by 4 trillion won (13.0%) and 2 trillion won (5.4%), respectively. Whereas, the construction contract value of 'Building' dropped by 17 trillion won (-9.3%).
