

Preliminary Results of the 2021 Construction Survey (Construction Output Record)

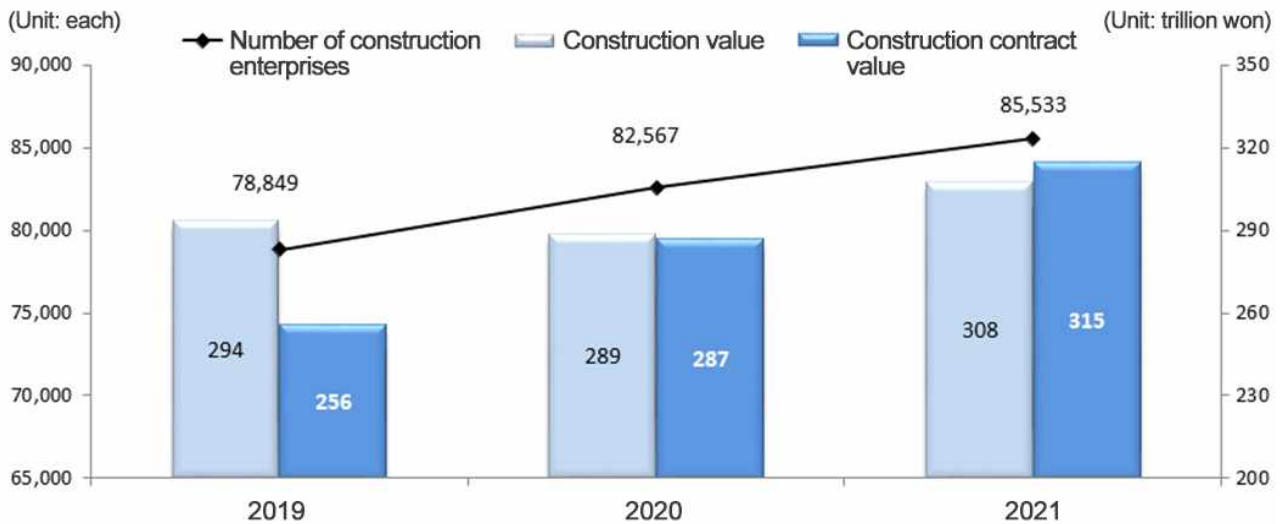

◇ **In 2021, the construction value totaled 308 trillion won, rising by 6.5% from 2020. The construction contract value totaled 315 trillion won, rising by 9.7% from 2020.**

- Compared to 2020, the domestic construction value increased by 6.1% (16 trillion won). The overseas construction value increased by 11.6% (3 trillion won).
- Compared to 2020, the domestic construction contract value increased by 8.2% (21 trillion won). The overseas construction contract value increased by 22.8% (7 trillion won).

- In 2021, the number of construction enterprises was 85,533 enterprises, which increased by 3.6% (2,966 enterprises) from 2020.
- As for construction enterprises by area, the construction enterprises in the Seoul Capital Area marked 30,277 enterprises in 2021, rising by 2.9% from 2020. The construction enterprises in the Non-capital Area marked 55,256 enterprises in 2021, rising by 4.0% from 2020.
- The construction value totaled 308 trillion won in 2021, which rose by 6.5% (19 trillion won) from 2020.
- Compared to 2020, the domestic construction value rose by 6.1% (16 trillion won) to 281 trillion won in 2021. The overseas construction value rose by 11.6% (3 trillion won) to 27 trillion won in 2021.
 - As for domestic construction value by kind of construction, 'Industry equipment' fell by 8.9%. Whereas, 'Building construction', 'Civil engineering' and 'Landscaping' grew by 9.4%, 1.1% and 4.7%, respectively.
 - As for overseas construction value by construction region, America and Africa rose by 268.1% and 78.7%, respectively.
- The construction contract value totaled 315 trillion won in 2021, rising by 9.7% (28 trillion won) from 2020.
- Compared to 2020, the domestic construction contract value increased by 8.2% (21 trillion won) to 279 trillion won in 2021. The overseas construction contract value increased by 22.8% (7 trillion won) to 36 trillion won in 2021.
 - As for domestic construction contract value by kind of construction, 'Landscaping' fell by 11.5% from 2020. Whereas, 'Building construction', 'Civil engineering' and 'Industry equipment' grew by 9.1%, 8.8% and 3.8%, respectively.

- As for overseas construction contract value by construction region, Middle East and Europe grew by 24.6% and 81.8%, respectively.

< Figure 1 > Number of construction enterprises, construction value and construction contract value

< Table 1 > Number of construction enterprises, construction value and construction contract value

(Unit: each, billion won, %)

Classification	2019	2020	2021	Change		Percent change	
				2020 - 2019	2021 - 2020	2020 / 2019	2021 / 2020
Number of enterprises	78,849	82,567	85,533	3,718	2,966	4.7	3.6
Construction value	293,676	288,749	307,655	-4,927	18,906	-1.7	6.5
Domestic construction	264,665	264,958	281,097	293	16,139	0.1	6.1
Overseas construction	29,011	23,791	26,559	-5,220	2,768	-18.0	11.6
Construction contract value	255,942	287,186	314,995	31,244	27,809	12.2	9.7
Domestic construction	239,082	258,154	279,356	19,072	21,202	8.0	8.2
Overseas construction	16,860	29,032	35,639	12,172	6,607	72.2	22.8

- While showing a continuously rising trend for the 2011-2019 period, the construction value changed from a decrease in 2020 to an increase in 2021. On the other hand, the construction contract value showed an increase for 3 consecutive years (2019-2021) after recording a decrease for the 2016-2018 period.
